Example transactions

Private Fund

~ \$10MM | ~10% LTV at close

Situation

A mature private equity fund sought a liquidity solution to extend its hold on a concentrated portfolio of seasoned, high-conviction assets.

Origami Solution

Executed a transaction that included (i) a senior secured NAV loan, (ii) a direct investment in a high-quality portfolio company, and (iii) a restructuring of the fund vehicle that provided liquidity to legacy LPs.

Family Office

~ \$10MM | ~20% LTV at close

Situation

A family office sought liquidity to fund ongoing capital calls and pursue new LP commitments without selling on the secondary market.

Origami Solution

Structured a senior secured loan against LP interests spanning asset classes and vintages, with a conservative LTV and structured return.

UHNWI

~ \$25MM | ~30% LTV at close

Situation

A successful entrepreneur sought capital for new corporate and real estate investments.

Origami Solution

Structured a senior secured loan against a minority equity stake in a healthcare platform plus a first-lien interest in an unlevered real estate portfolio.
